

## **HO 220001 – Competence development**

### **Task in groups**

The management of „The Textile Company“ wants to engage an external trainer to help the company training its production workforce on Energy Efficiency. The company has requested your help for the following tasks:

- Identify one target group for training
- Define learning objectives for this training
- Suggest suitable training delivery mode
- Suggest how would you verify the training impact

**Time: 45 minutes**
