

Sino-German Cooperation Project
Qualification of Key Actors in the Building Energy Efficiency Sector (KABEE)

Training textbook

German Experiences to obtain Energy Efficiency Gains in Cities through Eco-Industrial Park (EIP) Development

Edition: September 2015

On behalf of

giz Deutsche Gesellschaft
für Internationale
Zusammenarbeit (GIZ) GmbH

Federal Ministry for the
Environment, Nature Conservation,
Building and Nuclear Safety

中华人民共和国住房和城乡建设部
Ministry of Housing and Urban-Rural
Development, People's Republic of China

of the Federal Republic of Germany

Imprint

As a federal enterprise, GIZ supports the German Government in achieving its objectives in the field of international cooperation for sustainable development.

Content

- 1 Definitions..... 1
 - 1.1 Green Growth, Green Economy, Eco-Industrial Development, Sustainable Development, Eco-industrial Parks, Sustainable Industrial Areas – What is it all About? 1
 - 1.2 Industrial Parks – Motor of Industrial Development 5
 - 1.3 Defining EIP/SIA and GIZ Proposed Criteria..... 8
- 2 International and German Practice of EIP/SIA..... 11
 - 2.1 An Overview..... 11
 - 2.2 Kalundborg Industrial Area – the classic example of an EIP 13
 - 2.3 Chinese EIP Development..... 14
 - 2.4 EIP Development in Germany 18
- 3 Methodology to Introduce Energy and Resource Efficiency in Industrial Areas 24
 - 3.1 Factor of Success –The Multilevel Approach..... 24
 - 3.2 Changing Park Management towards Sustainability 24
 - 3.2.1 Changing the Management's Attitude..... 24
 - 3.2.2 Adopting Management Skills 26
 - 3.2.3 Introducing Governance 29
 - 3.2.4 Competence Center 32
 - 3.2.5 Provision of Services 32
 - 3.3 Introducing Networking for Energy and Resource Efficiency 33
 - 3.3.1 Energy Efficiency Networks..... 34
 - 3.3.2 Networks for Industrial Symbiosis..... 40
 - 3.4 Implementing Measures on Company Level 49
- 4 Available Knowhow and Support 53
 - 4.1 Knowhow on Criteria for EIP and SIA 53
 - 4.2 Knowhow on Park Management Aspects 53
 - 4.3 Knowhow on Energy Efficiency Networks..... 54
 - 4.4 Knowhow on Networks for Industrial Symbiosis 55
 - 4.5 Knowhow on Project Management and Energy 55
 - 4.6 Knowhow on Technical Processes or Hardware for Energy Efficiency 55
- Annex: Company Presentations 57
